Dear Mr. Teixeira:

This correspondence is being sent in response to a records request Central Berkshire received requesting any settlement agreements entered into between January 2013 and June 2016 by the Central Berkshire Public Schools with parents of students with disabilities regarding the provision of special education services.

After consultation with legal counsel, given the size of the District, and the fact that there has been only one agreement during the relevant period of time, even redacted, the agreement would disclose the identity of the individual.

The following information can be provided. The one settlement agreement that was entered into with a family was for a total dollar amount of \$115,000.00 as reimbursement for educational services.

Respectfully,

Laurie Casna, J.D.
Superintendent of Schools
