Jorge,

Thank you for getting back to us. We didn't have any which is why the attorney wrote that letter. After you contacted the AG office, we were afraid we were missing something else you might want or we didn't understand. We'll comply with whatever we are supposed to do. We just want to get it right.

So, if there are no settlements since 2014, what else are you requesting?

Thank you,

Peter

**Subject:** Records Request

Hi

someone from your office contacted me via voicemail regarding the records request.

I could not understand the message.

Please have them send an email on what they are looking for?

My request should have been very clear that I am looking for any settlements agreements from 2014 to present.

Thank youi,

Jorge Teixeira
