September 7, 2017

Dear Mr. Teixeira,

This letter is regarding your request for electronic copies of settlement agreements entered into by Barnstable Public Schools since January 1, 2011 and through today. These are agreements entered into with parents or guardians and the school district relative to the provision of special education services and /or placements for students with disabilities, redacted of all personally identifiable information.

I have determined that we have eight (8) such agreements. I am happy to redact these of personally identifiable information and scan them to you at a rate of \$25.00 per hour. This should total approximately \$100.

If you agree to this, please advise and we will begin the work.

Sincerely,

Jane Jezard, Ed. D.  
Director of Special Education.
