Mr. Teixeira:

Please refer to your settlement agreement request received by the District on February 21, 2017. In accordance with Massachusetts Public Records Law: Chapter 121 of the Acts of 2016 & 950 CMR 32:00, attached you will find copies of the redacted settlement agreements.

The fees for these copies are as follows:

- Copy fee - 13 pages @ \$0.05 (five cents) per page = \$0.65 (65 cents)
- Labor - 1 hour @ \$52.00 per hour = \$52.00

Please be advised that the population of Bellingham is approximately 16,000. In accordance to the above note Public Records Law, at the municipal level in jurisdictions with over 20,000 people; the labor fee is capped at \$25 per hour unless the Supervisor of Public Records agrees that either the request is for commercial purposes or the request could not be completed by a lower paid employee.

Due to the population of Bellingham, nature of this request and to ensure compliance with the Public Records Law, this request could not be completed by a lower paid employee. This request was completed by, Rachel Lawrence, Supervisor of Public Records and Director of Student Services.

The fee for these documents totals \$52.65 made payable to the Bellingham Public School District. Please forward this payment to my attention at the above noted address.

Respectfully,

Rachel Lawrence
Supervisor of Public Records/Director of Special Services
