Re: Public Records Request – Chelsea Public Schools

Dear Mr. Teixeira:

My office is in receipt of your public records request sent to Chelsea Schools Superintendent Mary Bourque on October 13, 2016.

The Chelsea Public School District has not entered into any settlement agreements with parents and guardians from January 1, 2011 through the present and therefore no such documents exist.

If you have any questions or need further information please contact our office.

Very truly yours,

A handwritten signature in black ink, appearing to read "Cheryl Watson Fisher".
