Mr. Texiera –

I serve as City Solicitor for the City of Northampton. Your public records request (attached) has been referred to me. Please accept this email as the response of the Northampton Public Schools. As you know, student records are subject to strict privacy statutes and regulations under both Federal and state law. As such, your request will require approximately 4 hours of time to search for and segregate records responsive to your request. The lowest paid employee qualified to perform these tasks is paid \$22.19 per hour. Please forward a check to my attention at the address below in the amount of \$88.76 and the school department will provide responsive documents. Thank you for your attention to this matter.

Alan Seewald
Northampton City Solicitor
